DEPARTMENT OF AGRICULTURE

National Agricultural Statistics Service

Notice of Intent to Request Revision and Extension of a Currently Approved Information Collection

AGENCY: National Agricultural Statistics Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the intention the National Agricultural Statistics Service (NASS) to request revision and extension of a currently approved information collection, the Cold Storage Survey. Revision to burden hours will be needed due to changes in the size of the target population, expected increases in response rates, and modes of data collection. The questionnaires have had some minor modifications to accommodate changes in the products stored by the industry, and to make the questionnaires easier to complete. The target population for cold storage operators (both mandatory and voluntary samples) will be contacted for this data on a monthly basis. Fruit storage operations are contacted on a monthly basis. The capacity survey is conducted once every other year of all operations with refrigerated storage capacity. Most of these surveys are voluntary; the one exception is for operations that store certain manufactured dairy products that are required by Public Law No. 106-532 and 107-171 to respond.

DATES: Comments on this notice must be received by [INSERT DATE 60 DAYS AFTER DATE OF PUBLICATION IN THE FEDERAL REGISTER] to be assured of consideration.

ADDRESSES: You may submit comments, identified by docket number 0535-0001, by any of the following methods:

- E-mail: ombofficer@nass.usda.gov. Include docket number above in the subject line of the message.
- Fax: (202) 720-6396.

SUPPLEMENTARY INFORMATION:

Title: Cold Storage Survey.

OMB Control Number: 0535-0001.

Expiration Date of Approval: March 31, 2013.

Type of Request: To revise and extend a currently approved information collection for a period of three years.

Abstract: The primary objective of the National Agricultural Statistics Service (NASS) is to collect, prepare and issue State and national estimates of crop and livestock production,

prices, and disposition; as well as economic statistics, environmental statistics related to agriculture and also to conduct the Census of Agriculture.

The monthly Cold Storage Survey provides information on national supplies of food commodities in refrigerated storage facilities. A biennial survey of refrigerated warehouse capacity is also conducted to provide a benchmark of the capacity available for refrigerated storage of the nation's food supply. Information on stocks of food commodities that are in refrigerated facilities have a major impact on the price, marketing, processing, and distribution of agricultural products.

Authority: These data will be collected under authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This notice is submitted in accordance with the Paperwork Reduction Act of 1995, (Pub. L. 104-13) and Office of Management and Budget regulations at 5 CFR part 1320 (60FR 44978, August 29, 1985). NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," *Federal Register*, Vol. 72, No. 115, June 15, 2007, p. 33362.

Most of these surveys are voluntary; the one exception is for operations that store certain manufactured dairy products that are required by Public Law No. 106-532 and 107-171 to respond.

Estimate of Burden: Public reporting burden for this information collection is based on 3 individual surveys with expected responses of 10 - 30 minutes. The Refrigerated Capacity

Survey is conducted once every 2 years, the other surveys are conducted monthly.

Respondents: Refrigerated storage facilities.

Estimated Number of Respondents: 1,700.

Estimated Total Annual Burden on Respondents: With an estimated response rate of approximately 85%, we estimate the burden to be 4,400 hours.

Copies of this information collection and related instructions can be obtained without charge from David Hancock, NASS Clearance Officer, at (202) 690-2388.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, D.C., October 19, 2012.

Joseph T. Reilly,
Associate Administrator.
